

Small Talk - Keeping the Conversation Going

Conversation #1

A: So, do you have a family? Children?

B: Well, I'm married, but we don't have children – yet.

It's actually quite nice not to have children; it means we can see a bit of the world before we settle down.

What about you?

A: Yes, we've got two sons.

They're wonderful, but I know what you mean about seeing the world; it's very difficult with children.

So, which countries have you visited?

Conversation #2

A: Do you have time to workout?

B: No, not really.

I used to like running, back when I was a student, but it's very time-consuming.

And you? Do you workout?

A: Well, I go to the gym a couple times a week, and I also play tennis when I can.

But tell me about your days as a runner. Were you good?
